Querschnitt A - A

This cross-section A-A shows the internal structure of the kindergarten building. The roof has a 24° pitch (Dachneigung 24°) and is supported by a central double beam (Dopp.T-Träger FE). The interior includes a play area (Spielecke) with a play structure (Trencke), a seating area (Sitzkreis), and a fireplace (F.B.). The floor is made of concrete (Estrich). The building is situated on a sloped terrain (Gewachsenes Terrain) with a ground level of +0.00. The total width is 9.22m, and the height is 5.45m. The section is labeled 'Sterna 2'.

This elevation shows the east side of the building. It features a gabled roof with a 24° pitch (Dachneigung 24°) and a central window area labeled 'Kindergarten "Sterna 2"'. The building is situated on a sloped terrain (Gew. Ter.). The total width is 9.22m, and the height is 5.47m. The section is labeled 'Osten'.

This elevation shows the west side of the building. It features a gabled roof with a 24° pitch (Dachneigung 24°) and a central window area labeled 'Kindergarten "Sterna 1"'. The building is situated on a sloped terrain (Gew. Ter.). The total width is 9.22m, and the height is 5.47m. The section is labeled 'Westen'.
